ASHAFAK SHIKALGAR

Summary:

• **Having 1.5 + years of Exp as ASP.NET MVC and ASP. NET CORE developer**

• Proven Achievement during internship of ASP.NET MVC for developing for web portal.

• I am developer with 1.5+ years of experience in ASP.NET MVC for web applications and front-end development.

• Successfully plan, deployed, and organized the web application to accomplish high convenience and performance.

• Recognized ability to create and deliver resolutions tied to corporate development, structural development or updating any web application related to ASP.NET MVC.

Programing skills in ASP.NET MVC

• Good Understanding in C#.

• Datatypes and variables, Conditional Statements, Array, Loops, Array List, Functions, Constructors etc.

• Strong Object-Oriented Programing Concepts

• Create, Read, Update and Delete (CRUD)

• MSSQL

• Entity Framework

• Strong Hold on HTML

• Complete understanding of HTML Helpers

• Internal and External CSS

• Bootstrap

• Good Understanding and implementation of jQuery

• Good Understanding and implementation of JavaScript

• Strongly Typed Keywords using Lambda Expressions

• Using Helpers class

• Displaying validation messages

• Page Authentication

• Understanding of ADO.NET

• State Management (View Bag, temp data, QueryString, Session, View data)

• Complete understanding for model, view, and controller

• Layouts

• Authentication and Authorization

• URL Routing (Conventional approach and Attribute approach)

• Linq statements

• Ajax Call

• Action Result (view result, partial view result, ContentResult, JavaScript Result, Json Result, Redirect To Route Result, Empty Result)

Proficient at following Languages
C#, HTML, CSS, JavaScript, JQuery, Ajax, SQL, XML, JSON

Framework
.NET (C#), Bootstrap, Entity Framework, Web API and. Net Core

Education
• Master degree in MCA (Master of Computer Application) from Pune University

- Bachler degree in BCA (Bachler of Computer Application) from Shivaji University

Professional Experience:

IT Teacher in Shri Parvati Shankar educational trust (From 1st January 2016 to 31st December 2020)

- I have five years of IT (Information Technology) teaching work experience. I have taught Information Technology subject.
- Taught programming, evaluation, attendance, planning, updating courses and reports and computer technology including C programming, basic Networking, HTML, Computer programming, Computer and Information Technology.
- Taught how to use Word, Excel, PPT, Microsoft Office.

ASP.NET MVC, ASP. NET Core and WEB API Developer for Enigma soft Technology Goa (From 25th May 2021 to Present)

- Active team player with a can-do attitude.
- Implementation of Industry Standard Programing.
- Implemented database connectivity using Entity Framework.
- Completed CRUD (create read update and delete) implementation with the help of C#.
